Dear Prof. Nair,

It was a pleasure speaking with you the other day.

To introduce ourselves briefly, Nerve24 (www.nerve24.com) is India's first digital healthcare exchange, with the following USPs:

- **An inter-connected digital (web + mobile) healthcare platform**
 - Cloud based web and mobile platform connecting Patients, Doctors, Labs, Pharmacies and Hospitals
 - Enables transactions between a patient and service providers as well as among service providers
- **Cross-reference functionality**
 - Enables a healthcare provider to refer a patient, either temporarily or permanently, to another provider through the click of a button
- **Reduction in patient travel/coordination**
 - The platform can be used by the patients as well as the service providers to transact and share medical records with other service providers

You'll be glad to know that we recently won the prestigious 'Best Rising Star Award' from Dr. Prathap C. Reddy at the 'Transforming Healthcare with IT' summit held in Oct '16. We have also entered into a strategic partnership with Manipal University wherein we have sponsored a PhD student at Manipal College of Pharmacy Sciences, who along with the a team of professors, is in-charge of creation and updation of the drug formulary and other medical content for Nerve24.

As discussed, we are keen to award winter internship and part-time business development projects to the students of your esteemed institute. Please find attached the details for your perusal.

We look forward to your advice on the next steps.

Dear Pravin,

Malini Kishore Sanghvi College of Commerce and Economics has its Placement Cell conducting the yearly Job Fair in January 2020.

Job Fair 2020 is an intercollegiate career fest that provides a platform for interaction between companies and students. Job Fair 2019 pulled a crowd more than 500 applicants from colleges all over Mumbai with around 1000 registrations for the same. Additional details about the college and the event
